EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Bennet Langlotz on 4/30/04.

The application has been amended as follows:

Page 1, line 4, -- now patented number 6,602,092 B2 -- has been inserted after "2001,"

Claim 1, lines 7 and 8, -- formed -- have been inserted before "on"; lines 8 and 9, "the bottom surface" has been deleted; line 9, -- by a way of a conductive path extending between the top surface and the bottom surface -- has been inserted before "to".

Claims 5, 15 and 22 have been deleted.

Claim 10, lines 8 and 10, -- formed -- have been inserted before "on"; line 10, -- by a way of a conductive path extending between the top surface and the bottom surface -- has been inserted before "to".

Claim 18, line 8, -- formed on a first face -- have been inserted before "to"; line 10, -- formed on the opposed face -- has been inserted after -- contacts --; line 10, -- by a way of a conductive path extending between the top surface and the bottom surface -- has been inserted before "to".

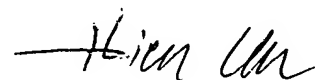

The following is an examiner's statement of reasons for allowance:

Claims 1-4, 6-14 and 16-21 are allowed over the prior art of record for at least the reason the prior art fails to teach or suggest an array of first contacts formed on a first face of the terminal element and an array of a second contacts formed on a second face of the terminal element opposite to the first face, wherein each of the first contact electrically connected to a corresponding one of the second contacts by a way of a conductive path extending between the first face and the second face.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Hien D. Vu whose telephone number is 571-272-2016. The examiner can normally be reached on 9-5.
